EVOKE-2^{XT}

Luxury Portable Stereo DAB Digital & FM Radio

EcoPlus

Winner of a raft of awards including What Hi-Fi Sound & Vision's Product of the Year, EVOKE-2^{XT} is a straightforward luxury stereo DAB radio that's easy to use and sounds fantastic. EVOKE-2^{XT} looks great too, with radius-edged casework finished in maple veneer and a large easy-to-read white-on-blue display.

Audio fidelity is ensured by hi-fi quality drive units and active audio filtering which fully exploit the crystal-clear DAB sound that has won over radio listeners everywhere.

EVOKE-2^{XT} has all the DAB features you'd expect from PURE, including fast autotune, station selection by name, and scrolling text showing track and artist information, news and sports. We've also included six presets for storing and recalling your favourite stations.

To complete this great radio we've added a handy clock display, a tone/radio alarm, a kitchen timer, even the ability to connect your iPod, CD or MiniDisc and enjoy the rich tones of EVOKE-2^{XT} from all your music sources.

Mains, battery or ChargePAK[®] powered (ChargePAK sold separately)

Dedicated kitchen timer

Connect an iPod, CD or MiniDisc

Tone or DAB alarm

Features

Dedicated kitchen timer, ideal for timing your eggs to perfection

Input for your iPod, CD or MiniDisc

ALARM

Easy to use tone or DAB alarm

12 station presets (6 DAB and 6 FM)

RDS for FM station name display and scrolling text

Digital Output

Digital optical output for connection to a digital amplifier or to a MiniDisc recorder for timed external recordings

3.5mm stereo headphone socket

Add new features as they become available via USB

ChargePAK ready

- Charges while connected to the mains
- Provides over 15 hours ChargePAK-powered portable listening
- Easy to use, just fit-and-forget
- EVOKE-2^{XT} can also be used with six (standard or rechargeable) C cell batteries

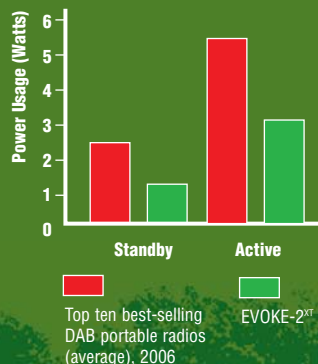

EcoPlus

All EcoPlus products are designed and manufactured to minimise their environmental impact, with:

- reduced power consumption (see graph opposite)
- use of materials from recycled and sustainable sources
- reduced packaging size for transport efficiency
- components selected to minimise environmental impact

EVOKE-2^{XT} power consumption vs. industry average
