_ YOUR PERSONAL ENERGY MONITOR

_ I SHOW YOU HOW MUCH ELECTRICITY YOUR HOME IS USING.
I MAKE ENERGY SAVING EASIER

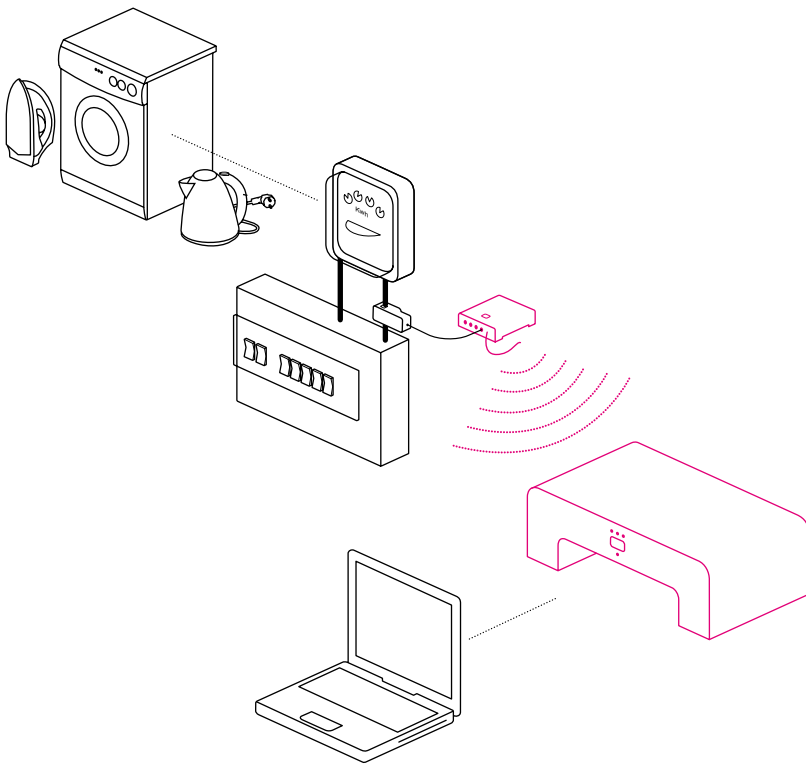

I AM THE ONLY PERSONAL ENERGY MONITOR THAT SPEAKS TO YOUR WHOLE FAMILY WITH A UNIQUE COLOURED LIGHT SYSTEM. I TURN BLUE WHEN YOU SAVE MONEY!

- BELOW YOUR AVERAGE
- YOUR AVERAGE
- ABOVE YOUR AVERAGE

I am the simplest way of understanding energy usage at home.
I am easy & safe to install. I am working within minutes.
I will help you control your household energy bills.
I will help you do your bit for the environment.

HOW DO I WORK?

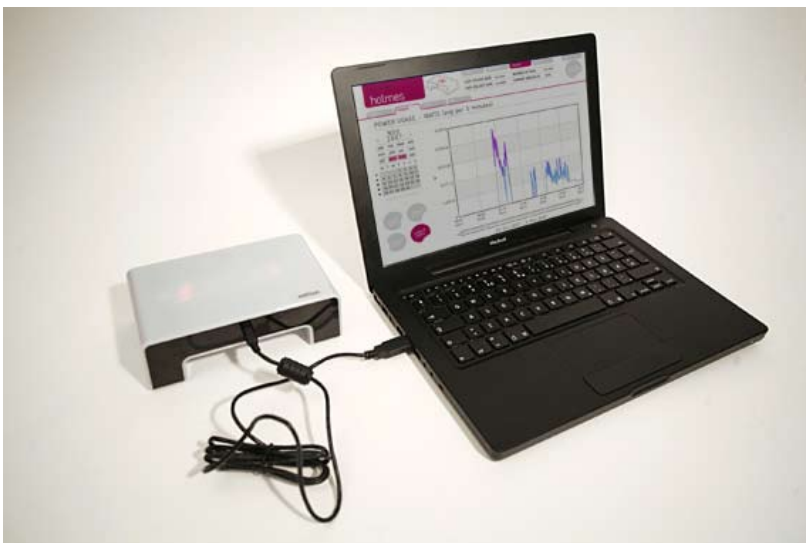

PUT ME
ANYWHERE IN
YOUR HOME

I get my information from a transmitter attached to your electricity meter or fuse box.

I measure the total amount of electricity being used in your home at any given time, and show this value on an easy-to-read display.

I work with any type of UK domestic electricity meter (240V/415V, single or 3 phase). I will work across energy tariffs including economy 7.

AH... HOLMES?

I can also work with Holmes. Holmes is a simple piece of software which helps you track your energy use at home. This can be quickly downloaded from our site www.diykyoto.com

WATTSON 01

I AM
PORTABLE

Software included with product to view chronological & real time data, connecting to DIYKYOTO community and hub (PC&MAC compatible).

FEATURES

MATERIALS

Plastic

DIMENSIONS

170 w x 104 d x 56 h mm

THE FOUNDERS

DIY KYOTO was established in 2005 by three RCA graduates Greta Corke, Jon Sawdon Smith and Richard Woods. They met post graduation at the V&A Brilliant exhibition in 2004. Here they struck up an immediate rapport and were soon hatching a plan for the creation of DIY KYOTO. Soon thereafter, they were selected for the NESTA pioneer programme and forged ahead with research and development.

They presented the Worldwide Launch of their inaugural product called Wattson at the Milan Salone del Mobile in 2006. These first limited editions Wattson's went on to exhibit in the UK at 100% Light and Designersblock in 2006. The first ever Wattson 01 previewed at the Milan Salone del Mobile 2007.
